

15E2 15.6-inch

All-in-One Touchscreen Computer

Integrated Touch

Commercial Grade

3-Year Warranty

Product Overview

The Elo E-Series 15.6-inch touchscreen computer is a commercial-grade solution that delivers widescreen impact in a greatly reduced form factor. With a rugged design and fan-less operation, the E-Series is ideally suited for use in any retail or hospitality environment, especially with third-party peripherals supported through four USB and two serial ports. A second VGA output is available to add a second customer-facing display for advertising and customer engagement. Powered by an Intel Celeron J1900 processor, the E-Series provides top-notch performance at a value-based price.

Rigorously tested and backed by a three-year warranty, the 15E2 delivers superior quality and reliability. With the fan-less cooling design, you can ensure silence as well as dust- and particulate-free operation, allowing you to maximize uptime and performance.

Available with IntelliTouch® zero-bezel surface acoustic wave (SAW) or AccuTouch® micro-bezel 5-wire resistive touch technology

Pure glass touchscreen provides optimal picture quality and is factory sealed to resist spills, dust and grease

Durability to withstand the rigors of use in a public environment
